Address: 1737 Marshville Road, Alabama

SUMMARY

Decorated diesel/electric marine engineer for the United States Coast Guard. Highly motivated, enthusiastic, and adaptable to any work environment. I have excellent problem solving abilities, and I am exceptional working with a team, while still being able to work on my own. I've developed extraordinary work stamina from harsh working conditions with the United States Coast Guard.

SKILLS

MS Office, Assisting, Planning.

WORK EXPERIENCE

Marine Engineer

ABC Corporation - April 2006 - June 2006

- Conducted watercraft inspections, troubleshooting, and repairs to electrical, hydraulic, pneumatic, climate control, refrigeration, power generation, .
 Responsible for crew training and fleet maintenance schedule.
 Experienced with diesel engines used in main, auxiliary, and emergency standby applications.
- Experienced with diesel engines used in main, auxiliary, and emergency standby application
 Experienced in hazardous waste management activities and insured compliance with environmental program requirements at the plant level.
 Assisted various facility multimillion-dollar repair and supply budgets Accomplishments Supervision of power plant operation, including assisting plant start-up/shutdowns.
 Supervised the overall operation of the ships pieces of machinery while on duty, including propulsion plant, power plant, auxiliary types of machinery, electrical.
 Provided Post Shakedown Availability (PSA) engineering support to the Hull Manager (HM), acting as the focal point for technical and engineering efforts on the assigned Hull.

Marine Engineer

Delta Corporation - 2002 - 2006

- Hudson River PCB Dredging Project (Largest Environmental Cleanup in history).
 Responsible for maintenance of dredge, and associated equipment.
 Maintain fuels, oil lubricants, parts & amp; repairs, record keeping, and compliance for the U.S.
 Coast Guard, EPA, and NY Department of Environmental Conservation.

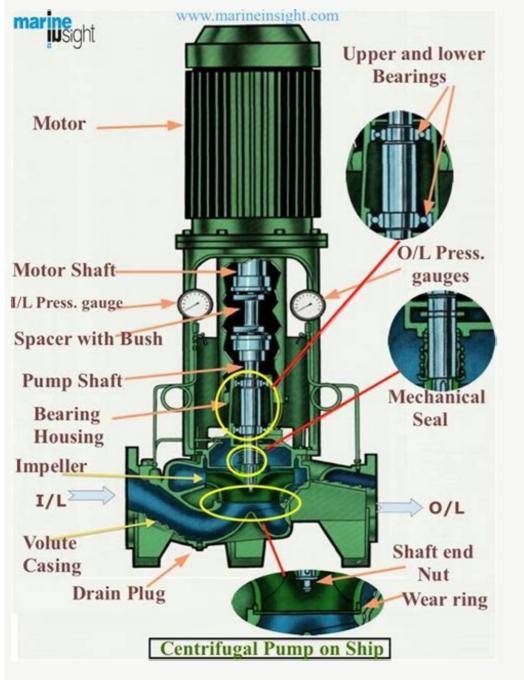

- Extensive operation and preventative maintenance of one of the most advance and largest diesel engines in the world, Sulzer.
 The operation, maintenance, adjustment, and overhauls of MaK Caterpillar 6M32C Involve in the test and operation of the MAN B&W R&D prototype engine.
 Safety officer conducts safety inspections throughout the ship, propose safety concern, undate safety noticies. update safety policies.

Further information: fashion, modest, clothing and hijab from country women in different parts of the world are worsening in different ways, with their clothing choices influenced by local culture, religious tender, traditions, social norms and trends of the fashion, among other factors. p. 84. Furthermore, there is an current lack of appropriate vocabulary to refer to the external female genitals, using for example, 'vagina' and 'vulva' as if they were synonyms, as if the use of these terms was not harmless For the sexual and psychological development of women. ' ^ OfTedal, Olav T. archived by the original 2014-07-04. This is above all the case of marital rape. [62] [63] In the western world, there has been a tendency to guarantee gender equality within marriage and to pursue domestic violence, but in many parts of the world women still lose significant legal rights when they enter a marriage. [64] Sexual violence against women increases considerably during periods of war and armed conflict, during military occupation, or ethnic conflicts; More often in the form of war rape and sexual slavery. ^ A/res/48/104.
